SUMMARY

Self-taught developer with experience in retail management and corporate analysis looking for first Front End Developer Job.

Portfolio Website Design — www.kevinwonart.com

- Portfolio front page designed using HTML/CSS/JS.

TicTacToe AI — tictactoe-zeta-six.vercel.app

- A ReactJS single page application using Minimax Algorithm and a demonstration of understanding using React Hook and State management for UI Rendering and component development. Deployed using NextJS 14. UI are hand drawn and developed and designed by me using drawing software and tablet.

Kroger, Katy, TX — Assistant Grocery Dept. Lead

Nov 2022 – Sept 2023

- Supervised a team of 8+ employees in receiving and displaying items in a retail floor.
- Managed inventory levels and ensure accurate stock counts through regular audits, backroom count, and top stock count and maintaining an accuracy of at least 75% of over 5 million USD of inventory and over 1500 unique items.
- Saved the store over \$250,000 worth of inventory during a black out by responding appropriately.
- Well versed in retail operations including inventory control, order management, scheduling and customer service.

Samsung SDSA, Plano, TX — Billing Technical Analyst

Sept 2018 – June 2020

- Led the development of financial reporting tools at Samsung SDSA using RPA software and VBA, collaborating with internal and external teams; achieved a 300-hour quarterly efficiency gain in logistic invoice processing.
- Managed AR and AP invoice accuracy using three integrated systems: an internal database, an ERP platform, and an external customer database, ensuring seamless financial data coordination.

LG, Fort Worth, TX — Business Technical Planning Analyst

JAN 2016 – AUG 2018

- Create Business reports on labor cost and repair times from GERP databases
- Maintain credit/invoice reconciliation regarding smart phone RMA between LG's AR team and ASC vendors. Up to 200 phones a week at an average \$500 unit price
- Develop Visual Basic Programs to automate Excel budgeting and labor costs reports
